

A construction worker wearing a yellow hard hat, safety glasses, and a high-visibility orange and green vest is working on a large steel structure. The worker is using a green strap to secure a part of the structure. The background shows a clear blue sky with some clouds and a bright sun creating a lens flare effect. The overall scene is a low-angle shot looking up at the steel beams.

**CAROK
GLOBAL LIMITED**

ABOUT OUR COMPANY

Carok Global Company Limited is a Ghanaian based registered company whose core business is in the field of engineering and Safety; this gives us the optimal understanding of Personal Protective Equipment needs of Industries.

At Carok, we are poised to support and solve all engineering related problems of our clients. Ensuring that our clients are satisfied with our products and services.

HIGH-ANKLE SAFETY BOOTS

Great if you're just starting out or you want a dependable all-rounder, the rule of full grain leather boots

Goodyear welt, steel shank, and studded rubber outsole Carok will help you to find a robust boot that looks good, ages well, and will survive a downpour.

SNEAKER-SPORTS SAFETY BOOTS

Having adequate support is incredibly important when it comes to choosing the right protective footwear.

Our boots have much higher ankle support, often over-the-ankle, and are usually thicker, which can help guard against ankle twists and sprains, as well as cuts, scrapes, and bangs.

HIGH-CUT BOOTS

Offering more protection than shoes or sandals, boots can be associated with increased discipline and self-protection.

HELMET & CONES

The safety helmets are made of quality acrylonitrile butadiene styrene, a common thermoplastic material with excellent impact resistance and tough-

Professional Quality Reflective and Non-Reflective Cone. Traffic cones come in a series of different colors to suit the work required
